CAUTION:

Luminaries and their auxiliary equipment may pose a risk of fire or damage to property if not installed and maintained correctly.

WARRANTY

Your product is warranted against manufacturing faults when used in normal domestic use for a period of one year.

We commit to replacing this product at no charge if it is found to be defective due to a manufacturing fault during the warranty period. This warranty excludes damage caused by misuse, neglect, shipping accident, incorrect installation, or work carried out by anyone other than a qualified electrical service technician.

If your product fails to operate satisfactorily, please return it to the store from whom it was purchased to obtain a replacement product or have it repaired. You will need to produce satisfactory evidence of date of purchase. If the product is to be replaced then that replacement will be of a same or similar product or accessory excluding packaging, instruction card etc.

In New Zealand product is covered by the Consumers Guarantee Act (1993). In accordance with the act consumers are advised that: The manufacturer is not required to maintain repair facility or parts that aren't necessarily available.

In Australia, our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

INSTALLATION

- Always read the instructions carefully before installation, failure to do this could result in damage to the product, property or harm to the installer.
- This product must be installed by a licensed electrician in accordance with the Australian / New Zealand Wiring Rules AS/NZS 3000.
- It is recommended that this product be used on a circuit board protected by an Earth Leakage Circuit Breaker or Safety Switch.
- Allow suitable ventilation around the light fitting and do not cover with any material.
- Do not immerse any part of the light fitting in water or any other liquids.
- Regularly inspect the light fitting to ensure that no damage has occurred, if damage is found cease use and replace.
- Do not attempt to modify this fitting in any way.
- The LED Driver and LED module are not replaceable.
- Always install luminaires with the power switched off or isolated off to the area of installation

STEP 1

Separate the base from the fitting by twisting.

STEP 2

Bring cable through the central hole and mount the base in the required location.

STEP 3

Remove the cover over the quick connect terminals and wire accordingly.

STEP 4

Using the switch select the desired colour Temperature. 3000k / 4000k / 5000k.

STEP 5

Replace the terminal cover and using the cable clamp secure all cables. Carefully position the diffuser back onto the base using the guides provided. Ensure the diffuser is fully locked into position.
